

Employer Advisory Forum

Find out how we can help your business by booking a place at one of our local Employer Advisory Forums

Local Employer Advisory Forums provide employers with the opportunity to get advice and support for their business.

General topics up for discussion include:

Grant updates

Have your say and help change your Grants Scheme for the better whilst getting information and updates on the Scheme.

Levy changes

Get up to speed with your Levy scheme and get an update on the latest changes and developments.

Advice to help you get ahead

Our guest speakers will help you win more business, give HSE advice to keep you compliant and advise on how to benefit from CITB products and services.

"We run employer forums twice a year and the sessions are very well attended, giving employers a chance to debate the issues of the day and work with us to provide solutions. Whilst we meet with employers on a daily basis, the forums provide the opportunity for small businesses to access and directly influence the decision makers within CITB."

Mick Hamill, Regional Development Manager, North of England

Upcoming events

We run the employer forums in spring and autumn each year. If you would like to book a place, or need more information about an event, please contact [your local CITB representative](#). <http://www.citb.co.uk/contact-us/employers/>
