

RACKHAM CONSTRUCTION LTD

Grange Road - New Build High Specification Residential Property

Grange Road is a high specification detached property located on one of Highgate's premiere streets. The North London property comprises of five storeys including a double-height basement, seven bedrooms and staff accommodation.

The contract scope included the demolition of a 1960s multi-residential building and full construction of this traditional-inspired town house and double garage. This included building services, home automation, swimming pool, extensive landscaped gardens and access road.

The interior design of the property has been completed to the highest standards with fitted joinery and stone finishes throughout. Key features include a basement swimming pool, sauna, gymnasium and cinema. A bespoke staircase rises through the entire property, complementing the main entrance hallway.
